I joined our academy in 2019 and am working hard with our pupils and staff to make sure our school continues to improve. We want to provide an excellent education for each and every one of our pupils.

As Principal, it is my responsibility to create an environment in which your child can become a confident, articulate, resilient and kind young adult. Our curriculum, enrichment programme and student experience days, help ensure our pupils learn, thrive and make progress.

We are committed to preparing and supporting our pupils to go on to pursue careers they are passionate about, contributing positively to society and living happy, healthy and fulfilled lives.

We welcome and value the input of carers and parents; together, we work hard to help realise the dreams and ambitions of our children and their families.

Ms Ela McSorley, Executive Principal

Executive Primary Headteacher

Welcome to the primary Phase of Ark Victoria Academy.

The primary phase begins in Nursery and continues into Reception where we take in 90 pupils each year. We are incredibly proud of the start we give our pupils in Early Years, laying the foundations for the educational journey they will continue through to Year 11.

Our values of ambition, resilience and kindness underpin all the work that we do within our academy. We have high expectations and expect our pupils to work hard in order to achieve their full potential. Our academy is a calm environment where pupils behave well at all times.

Our classrooms are purposeful learning environments where children debate, discuss and develop their ideas with confidence and respect. Reading is at the heart of our academy. We know how important it is that pupils move into Year 7 able to read well. Our love of reading is visible throughout the school and in every classroom. We dedicate time to high quality teaching of reading in every phase, listening to pupils read regularly and developing children's passion for reading at every opportunity.

We pride ourselves on knowing every child in our care and our curriculum is planned, sequenced and delivered with our pupils at its heart. We dedicate time to ensuring pupils develop the core knowledge and skills they need in preparation for secondary school and enrich our learning with a wide range of extra-curricular activities.

We understand the importance of working together with parents and have regular opportunities for parents to come into school. We regularly share ways to help children at home, celebrate the work they have been doing and share information about the progress our pupils are making. We are always available (you will see us on duty every day before and after school!) so please do approach us with any questions you may have.

We feel privileged to be part of an all through academy, preparing our pupils for the secondary phase of their education which builds seamlessly on the work we do in primary. Staff in Year 6 work very closely with Year 7 staff to ensure a positive transition experience when children move into the next phase of their education with us. We ensure that children's individual needs are met, families are supported and our high expectations are maintained. We believe in each of our pupils and we are very proud when we hear of their success as they move into secondary school and beyond.

Mrs Victoria Twort, Executive Primary Headteacher

Being part of the Ark network

Ark is an international charity, transforming lives through education. We exist to make sure that every child, regardless of background, has access to a great education and real choices in life. We know that great schools need great teachers, which is why we offer you the very best training and support at every stage of your career - from starting out as a trainee to running your own school.

Our highly-successful network of 39 schools educates over 20,000 students across Birmingham, Hastings, London and Portsmouth. They are achieving some of the best results in the country despite being largely in areas of historic academic underachievement.

Ark schools prioritise six key principles: high expectations; excellent teaching; exemplary behaviour; depth before breadth; more time for learning; knowing every child.

Ark invests significantly in a number of professional development programmes which complement academy level training:

- The Ark training menu: we have developed a bespoke training menu, which is accessible by all staff in the network offering a wide range of training modules to staff in all roles
- Network support: schools share CPD, allowing us to share best practice and role specific training across the network, facilitated by in-school and central staff
- Ark staff receive 10 training days each year rather than five creating time to collaborate with subject specialists within each school and across the network

Ark is at the forefront of changing education society through education. You can read more about how Ark is transforming lives through education [here](#).
